Name	Driver/Dept	Reason for nomination	State
Matt Latimore	Ops Recruitment	Matty has been in the office day in and day out through this crazy time! He has really needed his team's help as there have been so many new drivers on boarded to help with demand. He has protected his team by making sure they stay working from home. Tammy Gater	Operations	Nom 1. Its so easy to overlook your manager for a nomination only for the fact that they are strong and have so much knowledge. I'm nominating Tammy as since I have started with ANC, she has always had my back in situations that required her to come to my defense. She has allowed me to grow into the position I want to be in and move into those in the future that I wish to grow into. I think everyone forgets how much Tammy actually scarifies in terms of time and effort including outside of work. She doesn't just go home and that's it, there is a lot of behind the scenes work and she is always one phone call away. She never gets annoyed that you called with an issue and she is always helping to see reason and not to stress about things we dont need to be. Tammy has always been there to show me and help polish up and develop my skills. Tammy is the glue that keeps the Bunnings Team together and I wouldn't want another manager to lead our team. Nom 2. Tammy is the glue that holds the bunnings team together ! If we ever need help or are stressed we can always turn to her for guidance and tammy always makes time of us regardless of how busy or stressed she is ! Hopefully we have tammy as our manager for a very very very long time as I couldnt imagine having another manager like her running our team and having that close bond with her	NSW
